

MAGIC IN A SUITCASE

Close your eyes and imagine being in a smoky Parisian rue going to the theater with a magical suitcase when suddenly music, dance, magic, amazement and wonder typical of children who remain speechless in front of something astounding, the typical one of adults who once again become the child who remains open-mouthed in front of something astounding!!!!

MAGIC IN A SUITCASE is an international, innovative and engaging show where music, dance and stage presence replace verbal language in a brilliant and elegant way.

Sensations, visual effects, great illusions that make the spectator an active part of countless effects on stage.
